

WHCS

**WHCS RECEIVES FIVE-YEAR RENEWAL FOR ACCREDITATION
November 10, 2020**

Dear WHCS Family,

Over the past two days, WHCS has been hosting a site visit with representatives from the Florida Association of Christian Colleges and School (FACCS), the National Council of Private School Accreditation (NCPSA), Cognia, and the Middle States Association Commission on Elementary and Secondary Schools (MSA-CESS). Winter Haven Christian School is happy to report that we were just informed a few moments ago from the team that our accreditations with these four organizations have been renewed for five-years.

Accreditation from these four organizations represents the highest academic accreditation any K-12 school can receive in the nation. In addition, our accreditation from FACCS ensures that our Christian values and Biblical principles are not compromised while delivering a top-notch academic program to the children we serve.

I would like to thank the board of directors, teachers, administrative team, support staff, volunteers, parents, and students for making this renewal possible.

In His Service,

Joseph T. Klein
Headmaster
