

# **INTERESTED IN PLAYING A SPORT?**

---

As with each new school year there is also a new athletic packet that will need to be filled out. There is significant new info and requirements for all athletes this coming year, so please look through it carefully and you can start filling it out over the summer. It is imperative to have a new athletic packet filled out with all requirements met before your sport starts for the season or you will have to wait to participate until all is completed. The athletic packet will be available to download on our school website. <https://www.whcsonline.org/athletics>

*If you are interested in playing volleyball or flag football or running cross country, please let the athletic director know.*

***VOLLEYBALL, CROSS COUNTRY AND FLAG FOOTBALL WILL BE HAVING SUMMER TRAINING.***

---

If you have any further questions or need any clarification, please feel free to contact the Athletic Director, Eric Graham. His email address is [egraham@whcsonline.org](mailto:egraham@whcsonline.org).

**Thank you. Have a great summer!

# MEDICATION FOR THE CLINIC

If your child needs to have medication(s) or EpiPens given during the school day, State Regulations and School Board Policy require that you provide written authorization for all medications to be given. An authorization for prescription medication must also be completed and signed by a physician or other health care provider licensed in the state of Florida.

**MEDICINE MUST BE IN THE  
ORIGINAL BOTTLE/PACKAGE.**

***CLICK HERE FOR AUTHORIZATION FORM***

June 2, 2023

Dear Parents,

Your student is required to do a minimum of 25 community service hours each year in order to graduate from high school. This averages to about 6 hours every quarter. Please be advised that he/she must submit his/her community service hours quarterly. Due dates are 10/09/23, 1/08/24, 3/25/24, and 5/13/24. Seniors must turn in their final community service hours on 4/22/24.

From the Winter Haven Christian School 2023-24 Secondary Handbook:

*An important aspect of Christian education is to instill the necessity of having an attitude of willingness to serve the needs of the community. Therefore, hours of community service are required for each student in high school. The hours must be submitted to the High School Administrative Assistant which will be approved by Administration and verified by written documentation. A minimum of 100 hours, earned during the 9th-12th grade years, is required for graduation. Service hours should be submitted each quarter.*

*Community Service opportunities include: Volunteering to serve in various capacities during the school day such as serving on cleanup teams in the cafeteria, hallways, and as assigned by the custodial office. Students should also seek opportunities outside of WHCS such as church related activities that serve others, helping neighbors, and other community outreaches. \*Family related chores such as babysitting, cleaning or lawn care do not qualify for Community Service Hours as these activities are part of a healthy family dynamic.*

*Choose Your Hard, Today Matters,*

Jeannette R. Williams  
Middle/High School Principal
